APPEAL

Dear our Brothers and Sisters, our European partners, as well as our partners from the Middle East, all of you are watching the current situation in Ukraine –**the WAR!**

Yes, exactly, the war. No matter how wild it sound in today's realities of our peaceful life on the planet. On February 24 this year, a russian flock without declaring war viciously attacked our land, our native Ukraine. We have only begun to strength our army, our country, on the path of European development, as the "russian peace" came and began to kill civilians, destroy our cities and infrastructure, drop bombs and dictate to us their conditions for our further development.

Every day you see this horror in your media. It's easy to watch sitting on the other side of the screen when it's not touch you personally. It's somewhere far away, it's in some Ukraine.

No, Friends, it's here, it's in the Europe, it's near your border, it's near You! If we do not resist, if we do not give a decent rebuff to the Russian- fascist invaders - YOU will be next. There are no limits to their aggression. There is no justification in the world for the murders and genocide they commit in our cities and towns, in particular, Bucha, Borodyanka, Gostomel. Imagine of the tragedy that is happening now in Kharkiv and Mariupol.

We pleased the leaderships of your countries to CLOSE THE SKY, but received a REJECTION!

Do we have a choice? Can we sell out our European choice, for which we rose up on the Maidan in 2014, and for which many of our colleagues have already died? We are part of you, we are Europeans and we strive to live free according to democratic laws and rules.

We want PEACE and will shield it by defending our homeland and the whole of Europe from the russian-fascist horde. Ukraine has already proved to the world to be a worthy European neighbor!

In this difficult time, we ask you for HELP to our citizens and army, who are strongly defend our land from invaders!
